

FOR IMMEDIATE RELEASE

Zili Concierge Announces Official Launch

Hallandale Beach, FL — October 29, 2025 — A new era of personalized support arrives on November 4, 2025. Zili Concierge is officially launching its holistic concierge services, offering busy professionals, elders, and individuals seeking independence a calm and reliable way to reclaim their time. Unlike traditional concierge services, Zili Concierge focuses on well-being, presence, and everyday independence. From Concierge Check-Ins and Lifestyle Visits to mobility support and personal errand services, Zili Concierge brings human connection back into daily life. “We believe support shouldn’t be rushed. It should feel like someone’s got your back — quietly and consistently,” said Rick Le Concierge, Founder of Zili Concierge. The launch comes at a time when more people are seeking intentional, non-medical support that bridges the gap between healthcare, everyday living, and lifestyle balance.

Services Include:

- Concierge Check-Ins for post-surgery recovery and everyday support.
- Lifestyle Check-Ins for busy professionals.
- Mobility support and transportation assistance.
- Seasonal support programs (like hurricane readiness and package rescue).

Operating Areas: Hollywood, Hallandale Beach, Plantation, Pembroke Pines, Boca Raton, Dania Beach.

“Zili Concierge isn’t just a service — it’s a reminder that independence, wellness, and time are worth protecting.”
